

Are you looking for a permanent, heartfelt way to memorialize or honor someone who previously or presently serve(s) as a member of the armed forces? Tribute brick pavers not only serve as a celebration of friends and family, but also provide building blocks for our future, helping to ensure that GCSC Memorial Garden will continue to provide a place of dignity and serenity for the citizens of South Carolina, our community, and all who enter its gates.

Thank you, in advance, for your contribution!

To the right is a photo showing where the donated brick pavers will be placed to help lay a solid foundation for the GCSC Memorial Garden.

A photograph of a Yellow Swallowtail butterfly (Papilio glaucus) perched on a pink flower. The butterfly's wings are primarily yellow with bold black stripes and markings. The hindwings feature a prominent black tail-like extension and a row of small blue and orange spots along the inner margin. The background is a soft-focus green, suggesting foliage. The text "Yellow Swallowtail" is overlaid in a bold, black, sans-serif font at the top of the image.
